Heritage

Wool Classics is a boutique family business owned and run by the Brinton family who have been weaving carpet continuously since 1783. Our heritage lies in the finest quality by selecting the purest raw materials honouring our legacy of supplying some of the finest interiors in the world. Today all aspects of the process use organic materials without the use of nasty chemicals ensuring a fully biodegradable product.

Origins

A lovely selection of geometric patterns. Cubist uses a rectangular pattern within a diamond trellis brings a three dimensional effect to the floor. Trellis used the same diamond trellis but highlights each diamond with a snowdrop head and finally the snowdrop pattern simply shows lovely snowdrop heads in a geometric diagonal style. Each pattern comes in three feminine colour palettes featuring a white background with either a beige, blue or green highlight.
