## Heritage

Wool Classics is a boutique family business owned and run by the Brinton family who have been weaving carpet continuously since 1783. Our heritage lies in the finest quality by selecting the purest raw materials honouring our legacy of supplying some of the finest interiors in the world. Today all aspects of the process use organic materials without the use of nasty chemicals ensuring a fully biodegradable product.

## Origins

We developed the Paris Collection by reconfiguring our spinning plant to make much fatter pile yarns. We then wrapped our new fat yarn in a thin highlight colour to give more depth. This allowed us to generate much more three dimensional surfaces so we got creative and produced five different patterns each woven in four neutral colourways. Bear in mind that of the four colourways, cream, Chalk and Dove all use European (mainly British) wool so have less air miles.
