## Heritage

Wool Classics is a boutique family business owned and run by the Brinton family who have been weaving carpet continuously since 1783. Our heritage lies in the finest quality by selecting the purest raw materials honouring our legacy of supplying some of the finest interiors in the world. Today all aspects of the process use organic materials without the use of nasty chemicals ensuring a fully biodegradable product.

## Origins

We invented Quantum in 2007 when we were asked to develop some interesting products for the Bond 22 film Quantum of Solace. The set builders asked us to create new products which were “ahead of their time” in the carpet world and this allowed us to get our creative hats on and come up with some wonderful new ideas. It was a huge privilege and whilst our carpet was clearly not the star of the film we were deeply honoured to feature in the background!

## Technical Specification
