Heritage

Wool Classics is a boutique family business owned and run by the Brinton family who have been weaving carpet continuously since 1783. Our heritage lies in the finest quality by selecting the purest raw materials honouring our legacy of supplying some of the finest interiors in the world. Today all aspects of the process use organic materials without the use of nasty chemicals ensuring a fully biodegradable product.

Origins

The design process we go through to create carpets is sometime eclectic. Some were created over a glass of wine while others were an early morning coffee. Utopia was created in a small shed in Bhadohi while training weavers on a simple weaving technique using scrap yarn. Some wonderful home cooking and before we knew it we had a selection of simple but beautiful patterns which have proved popular ever since.
